**RE: Proposed C 314 Natural Gas Pipeline**  
**Case #: 01-520-GA-BTX**

Dear Sir/Madam:

The City of Mason would like to indicate our support for the Preferred Route for the Proposed C 314 Natural Gas Pipeline. This preferred route along Butler-Warren Road would keep the 24" high-pressure gas main away from our heavily populated and traveled downtown area.

For the portion of the route that lies parallel with Butler-Warren Road, we recommend that the gas main be located on the west side of the road. This is because two 12" water mains exist on the east side of Butler-Warren Road between Bethany Road and Tylersville Road.

Sincerely,

Scot F. Lahrmer,  
City Manager
