2. April through October Sewer Usage Credit for Single and Two-Family Dwellings for Vegetation Watering.

A. Definitions. The following terms are defined as follows for use in this subsection:

- i. "Base calculation." The base calculation is the greatest monthly usage of water service, in gallons, at that dwelling during the months of November (billed in December) through March (billed in April) immediately preceding the "usage credit month" multiplied by 125%. For those residents for whom there is less than three months history of water service at that dwelling unit during the months of November through March immediately preceding the "usage credit month," the "base calculation" shall be 9,000 gallons.
- ii. "Usage credit month." The usage credit month is each month of usage from April (billed in May) through October (billed in November), inclusive, beginning in May, 2003.

B. Single and Two-Family dwellings using sewer service in the City of Mason shall be entitled to a credit toward that sewer service used during each usage credit month as follows:

- i. If a dwelling's water usage during a usage credit month exceeds that dwelling's base calculation, the credit to the bill for that month's sewer services shall be the amount equal to the charges for sewer service on that additional water usage.
- ii. If a dwelling's water usage during a usage credit month does not exceed that dwelling's base calculation, there shall be no credit to the bill for that month's sewer services.

(b) Sewer Service Rates for Commercial, Industrial and Institutional Establishments and Multi-Family Dwellings and Trailer Parks

1. Definitions. For the purposes of this Section 941.08, a Multi-Family Dwelling is a residential building which is divided into three or more family units.
