RE: Cost Proposal
Construction Services
Muddy Creek Projects
Mason, Warren County, Ohio

Dear Kathy:

Fuller, Mossbarger, Scott and May Engineers, Inc. (FMSM) is pleased to present this cost proposal for providing construction services for the above referenced project. FMSM will assist the City with construction administration services including bid review, shop drawing review, construction monitoring and invoice review. Full time observation will be required during construction of the embankment. Periodic visits will be performed during other phases of work (clearing, excavation of basin soil, etc.)

Our proposed fees are as follows:

- COST PROPOSAL -

1.	Project Manager 50 hours @ \$115.00/hour.....	\$ 5,750.00
2.	Senior Project Engineer 80 hours @ \$95.00/hour.....	\$ 7,600.00
3.	Engineering Technician 350 hours @ \$60.00/hour.....	\$ 21,000.00

4. Miscellaneous Expenditures		
400 miles @ \$0.50/mile	\$	200.00
2 Standard Proctor Tests (Method A) @ \$170.00/test	\$	340.00
3 Atterberg Limits @ 55.00/test	\$	165.00
3 Sieve and Hydrometer Analyses @ 80.00/test	\$	240.00
3 No. 200 Wash Gradation @ 80.00/test	\$	240.00
3 Specific Gravity of Soils @ 40.00/test	\$	<u>120.00</u>
TOTAL COST	\$	35,655.00

Construction scheduling and duration are determined by contractor's activities, weather conditions, and other conditions which are beyond FMSM's control. Therefore final fees will be based on actual quantities of work performed and the unit prices presented, not estimated quantities. However, fees will not exceed the estimated amount with out approval by the City.

Thank you for the opportunity to submit this proposal. Please call if you have any questions.

Respectfully submitted,

FULLER, MOSSBARGER, SCOTT AND MAY
