CITY LOGO

A representative from Rocket Science Design presented several variations on a new city logo. In a general discussion, Councilmembers discussed the merits and preferences of each design. A decision was made and it was determined in an effort to control costs, the new logo would be introduced as needed. The City would continue to use the existing stationary stock and when new is needed, the new logo will be ordered. Eric noted the website and Economic Development will be the first to utilize the new design.
