## Exhibit A

Section 1. That this Council hereby establishes the policy that expenditures of public funds for non-tangibles such as sponsorships, name recognition, contributions, attendance at fund-raisers, or similar activity, directed to locally-based non-profit corporations engaged in political activity (defined as endorsing, ranking, rating, promoting, supporting, contributing of or to, including bestowing upon candidates or elected officials awards or positions by the non-profit) shall be deemed not to be for a proper public purpose and shall be prohibited.

Section 2. That when the City Manager is solicited for supporting funds as described in Section 1 by a locally-based non-profit corporation, Council shall determine in a public meeting whether the expenditure is for a proper public purpose and require said non-profit to certify in writing that it does not and will not engage in direct and indirect political activity as described in Section 1 for the duration of the then current election cycle which is two years from the date of entering its contract with the City (in making this determination the City shall also take into consideration the non-profit's level of cooperation in providing information about its political activity to the City). If certification is untrue or if the non-profit violates the terms of the certification, any sums given by the City to the non-profit are subject to disgorgement.
