LINE-BY-LINE INSTRUCTIONS

- <u>Line 1</u>: Indicate the estimated Total Income Subject to Tax (income earned while living or working in Mason) and multiply by the 1.12% tax rate.
- <u>Line 2a Resident Homeowner Tax Credit</u>: Residents who own or have an equity interest into the real estate that they are domiciled and pay real estate taxes can take a credit equal to 0.12% (.0012) of the total income. The resident's dependents may also take this credit.
- <u>Line 2b (If you work in another taxing city)</u>: If you take the Resident Homeowner Tax Credit, multiply the portion of your Mason-taxable income that will also be **taxed by another city** by up to 1.00%. If you do not take the Resident Homeowner Tax Credit, multiply the portion of your Mason-taxable income that will also be **taxed by another city** by up to 1.12% (depending on your work city's tax rate—If your work city's tax rate is less than 1.12%, use that city's percentage to calculate the credit.).
- <u>Line 2c</u>: Indicate the amount of tax you expect to be withheld by your employer for the City of Mason (if any).
- Line 2d: Total credits from lines 2a through 2c.
- <u>Line 3</u>: Subtract line 2d from line 1.
- <u>Line 4</u>: Divide line 3 by four to calculate the quarterly amount due. The quarterly payment schedule is below.
