Eric Hansen
City of Mason Manager

Farewell to Our Friend

For 10 days Mason is the world stage for one of the most prestigious events in tennis—the Western & Southern Open. Mason is proud to have been the host city since 1979 for national and international players, coaches, and fans of the ATP championship tournament. This year, help us celebrate the tournament’s 40th anniversary in Mason!

Mason has cultivated a relationship between tourism and traditional economic development along with public-private partnerships to retain and grow the event in Mason. The event highlights Mason’s reputation for being a family-friendly city that is committed to the continued development of our culture of wellness.

The ATP championship tournament is a big part of Mason’s success story as it brings over 200,000 visitors from all 50 states and over 30 countries to Mason each year to watch the world’s top men and women professional tennis athletes. The economic impact and global recognition for Mason and the region is significant. The event is just part of the repertoire of activities, programs, and venues that add to the quality of life for our residents and businesses.

This year’s event is especially poignant as we say farewell to CEO Elaine Bruening. In 2002, Elaine played a critical role

in the development of the partnership with the City helping to acquire the stadium and grounds from Great American Insurance Company and retaining the tournament in Mason. In 2004, she helped bring the women’s tour to Mason, eventually leading to the Western & Southern Open becoming one of only five events in the world, outside of the Grand Slams, to host a top-tier men’s and women’s event during the same week

at the same venue. Mason’s tournament shares the stature of tournaments in Indian Wells, Madrid, Miami, and Rome. Elaine has been at the foundation of the tournament’s evolution and a wonderful friend and partner to the City of Mason. The City of Mason extends our appreciation and gratitude to Elaine for helping us strengthen our mission for economic development, culture of wellness, and quality of life for our residents and businesses.

The 40th year celebration brings with it the opportunity for strengthening relationships and renewed vision for growing the tournament and creating even stronger partnerships that will continue to invest and expand Mason’s entertainment corridor. We welcome the new Western & Southern leadership team! We are excited to expand the alignment of our visions for the future in this entertainment corridor.

Kristin Malhotra
Deerfield Township Board of Trustees

Working Together to Shape the Vision for Our Parks

Since you honored me last fall with the opportunity to serve as one of your township trustees, I've heard from many of you explaining what you value most about living in Deerfield Township. Often, you tell me that you chose Deerfield because of the quality of life your family experiences.

One reason that's true is the variety of our parks and green-spaces. We're lucky in Deerfield Township to have many parks with a wide range of offerings — from playgrounds and tennis courts to baseball fields, walking trails, and even an archery range. I know I spent a lot of time this summer enjoying the programs available in our parks, and I hope you did too!

While our amazing staff spent busy planning the camps, movies, and concerts that kept our parks busy this summer, they also spent a lot of time looking forward, working to develop a master plan that will guide policy, prioritize opportunities, and identify strategic initiatives for our parks for years to come.

Your feedback about our parks is vital. We've heard from some of you already, through focus groups and surveys. But if you've not yet shared your input, there's still time to be a part of this important conversation. In the

coming months, we're planning three community workshops where you can discuss ideas, ask questions, and evaluate options.

Mark your calendar for 6:30 to 8:30 p.m. for the next sessions:

- Sept. 5, Four Bridges Country Club Dining Room
- Oct. 11, North Cincinnati Community Church
- Nov. 28, Kings High School Cafeteria

As we move through this process, we'll continue to share updates in our email newsletters (please sign-up on our website if you haven't already), on our Facebook and Twitter pages, and via a dedicated website at PlanDeerfieldParks.com. I hope you'll engage with us through all of these options.

As a candidate for this position, I was asked to identify the three accomplishments I hoped to achieve during my term. Creating more green-space in our Township was at the top of my list. If you have questions or ideas, don't hesitate to reach out to me or to any of the other trustees. We're excited to be working with you to make sure our Parks Master Plan addresses the needs of our entire community.

National Good Neighbor Day

National Good Neighbor Day is a national holiday in the United States and is celebrated annually on September 28.

In today's fast-paced world, it is far too common to live in a bubble surrounded only by those we connect with through social media. Many people can spend years living mere feet away from their neighbors without ever learning their names. The neighborhood you live in can affect your happiness and stress levels. Being a good neighbor is simple—be friendly and

considerate. Good neighbors respect others' space and privacy, wave at each other, smile, take the time to speak to one another, share, keep their property safe and maintained, lend a hand, offer resources, and try not to disturb the peace of others. Neighbors can play an important role in our community and our lives. Being a good neighbor builds the sense of community.

Building that sense of community is even more important in times of disaster. For many of us, being prepared for a disaster often involves storing food, preserving water, securing supplies, and planning. What we fail to recognize is the significance of building those social ties that we undoubtedly will need to rely on during an emergency. While the City trains and plans for emergencies when City officials, employees, and resources are directly impacted by the disaster, residents must rely on each other for their recovery efforts. Often our neighbors are the actual "first responders." Those neighborhoods with a strong sense of community are more likely to take collective action in their recovery efforts to overcome safety and security issues and lack of fuel, food, electricity, work, or daycare. Sometimes, the old saying about strength in numbers really does apply. Individually it would be difficult to protect your home 24 hours a day and find daycare or enough fuel to return to work. But collectively within the neighborhood you may be able to establish a 24-hour neighborhood watch program, alternate daycare for the children, carpool, and share other resources such as generators, first aid supplies, tools, water, and food.

Knowing the people who live around you provides a strengthened sense of pride in your home and neighborhood and has a direct impact on your resilience and recovery during times of disaster.

Besides, coming home just feels nicer when your neighbors are your friends.

Mason Way— Career Development Path

LIEUTENANT JULIE MILLER

Growing up, becoming a firefighter never even crossed my mind. I had never seen a woman firefighter and it seemed like a dirty job that required immense strength. Little did I know it is much more than that. Physical fitness is only a small portion of the job.

A mutual friend introduced me to a firefighter and I had the opportunity to ride along at his fire department. While it was an exciting experience and I was very much interested in becoming a paramedic, I was still hesitant about going through firefighting school. I was invited to attend a program called *Can You Take the Heat*, a day-long program taught by women in the fire service for young women who wanted to experience the profession firsthand without making a commitment. Under the supervision of these women, I conducted search and rescue operations in a dark environment, used the jaws of life to remove a door from a car, climbed a 100-foot aerial ladder to the top of a building, and put out a real fire in a burn building, all while wearing about 50 pounds of real firefighting gear!

After a long, exhausting but fulfilling day, this program showed me that I was stronger than I thought, mentally and physically. Talk about a confidence builder! I was able to overcome physical challenges, but being a firefighter takes much more brains and compassion than being physically fit. Fire and EMS emergencies have many moving parts to them and require a variety of skill-sets to handle them. I enjoy this job because it requires critical thinking to figure out the best way to treat a patient during a medical emergency, the best tactic to use to put out a fire, and how to effectively communicate with patients and their families or businesses during stressful situations. I encourage the community to be safe and proactive through CPR/AED programs or fire safety programs.

Being a firefighter challenges me in one way or another every day, which is why I enjoy it. I would've never thought of becoming a firefighter when I was a child, but I know that this is the perfect job for me. I get to serve my community in many capacities while mentally challenging myself to be the best firefighter and paramedic I can be.

FEMALE FIREFIGHTERS

MONDAY, NOVEMBER 19

9 a.m. - 4 p.m.

Ages 10 - 16

Registration required

- Navigate challenges women face in the fire service
- Build confidence levels
- Complete hands on firefighting tasks

Three Questions with:

BOBBY DODD

MASON HIGH SCHOOL PRINCIPAL

Ohio's largest high school has a new head learner.

This year, Robert "Bobby" Dodd will lead William Mason High School, after serving as the principal of Gahanna Lincoln and New Lexington high schools. Dodd's passion for creating new opportunities for students and staff led him to develop digital academies, college summer camps, a fabrication laboratory that includes a graphics design lab that manufactures and produces products for sale around the world, Early College High School, and personalized learning environments. Dodd has received awards for his contributions as a connected educator including the 2016 NASSP National Digital Principal of the Year award.

Dodd received a bachelor's degree in history from John Carroll University in 1995; a law degree from St. Thomas University in Miami Lakes, FL, in 1999; a bachelor's degree in information technology from DeVry University in 2000; and a Master of Arts in educational leadership from the University of Cincinnati in 2009.

He and his wife/educational leader partner, Charity, are the proud parents of Sydney, Kaitlyn, and Sophia Dodd.

Connect with Bobby Dodd on Twitter (@bobby__dodd)

1 What excites you about coming to Mason?

I am excited to work with the talented students and staff at Mason High School, and blessed to work in a building and district that has such pride and diversity. Everything from the beautiful facilities, the wide range of differing student and family cultures, and the variety of student groups and organizations are a few things that make Mason City Schools one of the top districts in the Midwest. Having an opportunity to work on the district team with such dynamic leaders will not only help me grow as an educator, but will help MHS become even more innovative while continuing to create more diverse personalized learning environments for our students and staff.

2 There's a lot of conversation about how we can personalize learning so that students pursue their passions and fulfill their potential. How does personalized learning help students connect to their learning in more relevant ways?

I believe we need to have a culture and environment where personalized learning is the norm for our staff and students. Our personalized approach allows students to learn on their time, and through how they learn best.

Education has changed over the years and our students have options. Instead of everyone learning from lecture and taking notes to prepare for a summative assessment, students can demonstrate mastery in a variety of ways. This allows students to comprehend and find more meaning in what they learn each day. Students are also able to collaborate and connect with others while learning and growing. Personalizing education creates a more authentic learning experience for students and prepares them for life after high school.

3 Name a few fun facts about you!

- I love pizza of any type. I'm not sure I've ever had "bad" pizza!
- I finish a book approximately every two weeks. I love to read—and listen to podcasts—whenever I can to grow as both a leader and learner.
- I'm a huge Reds and Bengals fan! I remember the day when the Reds were good and the Bengals were awful, but like everything, it goes in cycles!
- Each year for the past 35 years I've vacationed in Hilton Head, SC.
- I have a deep knowledge of random sports facts and trivia, but have a tough time remembering what my wife told me to get at the store!

CommUNITY Conversations

I am humbled to serve as your Mason City Schools superintendent. One of my biggest priorities is to connect with more of you. I would love to see our community grow even closer as we intentionally talk together about things that are going well and things that could be better.

I am excited to partner with leaders from our City, Township, and Chamber in CommUNITY Conversations—conversations where we can find common ground on our core values and confront and solve difficult issues. CommUNITY Conversations are an opportunity for citizens to talk with me and a member of our City, Township, or Chamber’s leadership team. By bringing people together to share stories and discuss issues that matter, we expand our sense of neighborhood and bridge divides through the power of connections and relationships. Our conversations stem from our commitment to create UNITY in our community, one conversation at a time.

Respectfully,

Jonathan Cooper
Superintendent

COMMUNITY CONVERSATIONS: THEMES

This spring, we held 15 CommUNITY Conversations with over 150 participants. While each conversation has been a little different, we quickly saw themes emerge. Residents appreciate our community’s diversity, and credit our strong schools and diverse neighbors as being one of the major factors for choosing Mason—and for staying here. Additionally, parents are interested in connecting with other “parent navigators” as we work together to raise healthy, happy, resilient, and adaptable children.

Topics that came up at nearly every conversation included:

- **Equity & Inclusion** Parents express desire for our schools and community to intentionally create an environment that embraces and celebrates all learners and their families.
- **Mental Health** Parents express concerns about children and teens’ anxiety and depression, student and family stress, and questions about getting help at school and in the community.
- **School Safety** Parents express concerns about active shooters, and want more law enforcement in our schools.
- **Social Media & Technology** Parents express desire for help in balancing children’s use of technology, and want to develop community-wide social media norms.

COMMUNITY CONVERSATIONS: ACTIONS

Following our conversations, here’s what the district is doing to take action on the issues that matter most to our families:

- **Equity & Inclusion** Investing in professional development for all staff members and creating a new culture team that will include Tim Kight (Focus 3), Tommie Lewis (Make It Plain), Dr. Michelle Means-Walker (hearing officer), and Lina Patel (community connector) to ensure culture-shaping is our district’s top priority this school year. In a healthy community, everyone is respected and valued and no one feels marginalized because of their ability, culture, gender, religion, race, sexuality, or socio-economic status. This year, our 14-year-old District Diversity Council will utilize parent and community leader co-chairs and incor-

porate student voices to help ensure that Mason City Schools are honoring the uniqueness of each individual and embracing equity and inclusion with excellence.

- **Mental Health** Investing in an additional school counselor at Mason High School. In addition, the school counselors are redesigning their work to better match staff expertise with our students’ needs. This revamp will ensure that every MHS student has more access to their school counselor each year to support academic needs and mental wellness.
- **School Safety** Investing over \$500,000 in school safety improvements for the 2018–2019 school year, and expanding our partnership with the City of Mason to ensure that we have law enforcement presence at all of our schools.
- **Social Media & Technology** Providing social media and technology training for families that includes tips and resources for parenting in the digital age.

HOST A CONVERSATION

If you are interested in hosting a conversation, please call 513.398.0474, ext. 24004. As we schedule conversations, we will keep you updated on who we’re meeting with, what we’re hearing, and what we’re doing.

Safety First in Deerfield Township

In an effort to provide additional safety for pedestrian traffic on Township roadways, the Deerfield Township Public Works Department has added the application of crosswalk markings to this year's Resurfacing and Pavement Marking programs. These thermoplastic pavement markings at designated crosswalks have been installed to provide a clear establishment of the pedestrian right-of-way at each of these locations. Crosswalk pavement markings have been added at the communities of Heritage Point, Charleston Park, Auburn Place, and Long Cove.

Mason-Montgomery Road Progress

As many local residents and commuters have surely noticed, the Warren County Transportation Improvement District (TID) has been making progress over the last year on the Mason-Montgomery Road Widening project. This \$6.9

million improvement will widen the road to six lanes from Escort Drive to Socialville Fosters Road (2 miles). Additionally, the project will include installation of new traffic signals on decorative mast arms for all intersections, as well as the inclu-

sion of a multi-use path from Socialville Fosters Road to Irwin Simpson Road to expand pedestrian access through this integral community corridor. All improvements are scheduled to be completed by early October 2018.

Following the

completion of the widening of Mason-Montgomery Road, the TID will be focusing their efforts on the addition of a direct connection for southbound Mason-Montgomery traffic to southbound I-71 with a "slip ramp" bridge over Fields

Ertel Road. This estimated \$7 million improvement project is scheduled to kick off this summer with a public information meeting outlining the background, benefit, and scope of the project. Construction is currently scheduled to begin in 2021.

Know the Difference Between a **Watch** and a **Warning**

Watch

- Severe thunderstorms with damaging winds and large hail are *possible*
- Be aware of weather conditions around you
- Know where to take shelter and what supplies to take with you
- Check for forecasts updates

Warning

- Severe weather ongoing
- Damaging winds and hail are *expected*
- **Take shelter immediately**
- **Use caution while driving**
- Seek further information
- Check for forecast updates
 - NWS webpage (weather.gov)
 - NOAA Weather Radio
 - Local Media

SOMETHING'S *brewing* IN MASON-DEERFIELD!

The craft beer scene in Mason-Deerfield, like it is across the country, is growing at a rapid pace. Mason's first craft brewery, 16 Lots Brewing Company, opened its doors in 2017 and not far behind are two more.

"I moved to Mason in July 2016 and quickly identified an opportunity to bring a craft brewing experience to the Mason community, since one did not exist," explained Mike Burton, Founder and CEO of 16 Lots. "There were a few great craft beer places to try new things and procure great beer, but nobody was making their own beer yet within the community."

A similar reason was echoed by Justin Neff, Founder and President of Sonder Brewing, opening his doors as the area's third brewery later this year.

"We love this area. We live here, and people in the Mason-Deerfield area have been hungry, or thirsty, for something like this up here for a long time," Neff said. "When we first started our plan for Sonder Brewing, there were no other breweries in the Mason-Deerfield area and we would consistently talk with people at other Cincinnati breweries about how they had made the trek downtown, however, were wishing for something closer to home."

It all started with a gift for Mark Lortz, co-owner of The Common Beer Company, who received a home brewing kit from his wife, Amy, and daughter, Maggie, eight years ago. The hobby quickly turned into a passion and the Lortz's are opening their doors in summer 2018. It will be the area's second craft brewery, and first in the downtown Mason corridor.

Lortz said, "the main goal we set out to meet was to provide a local establishment that all Mason and Deerfield residents can identify with and feel like they are going to a place to see friends and neighbors. We feel that keeping our tap room comfortable and accessible, and our production size lower than most breweries, we will be able to be very nimble in turning out not only standard flavors, but unique seasonal offerings as well."

With common desires, each brewery offers something unique to the community and craft-beer-lovers alike as well. 16 Lots is already giving back to the region through their Lots to Give program which supports the Mason Schools Foundation, St. Susanna and numerous local sports teams. The Common is already receiving calls from local companies and members of the community who want to help integrate their own local products into the beers.

"Mason and the surrounding communities have great resources that a business like a brewery can take advantage of," explained Lortz. "With all of the family-owned farms and businesses, we feel that the Mason-Deerfield area can truly provide unique ingredients that will help us design flavors that showcase them and put Mason on the map in the brewing community."

And, Sonder sees itself as a destination even for those who don't drink beer.

"We bought 6.5 acres so that we could truly build out a destination for residents of the area to come and be entertained all day, while drinking high-quality craft beer," noted Neff. "Whether it's enjoying the nice weather on our 3,000-square foot outdoor patio, or playing corn hole or bocce ball in our 2.5-acre lawn, we

are pretty sure just about anyone can enjoy their time at Sonder."

Although the first to open his doors, Burton welcomes more craft breweries to the area with open arms. "We have an opportunity to all partner together and create a craft beer destination for people to come and enjoy," shared Burton. "The future is bright here for the community and the craft brewing industry."

2017 City of Mason Financial Review

Each year, the City of Mason prepares a Comprehensive Annual Financial Report in accordance with generally accepted accounting principles. This detailed report is about 175 pages long and presents a complete financial picture of the City. It is available on the City of Mason's website, www.imaginemason.org.

While this report is significant to the government and financial community, many residents do not have the time to study it in its entirety. As a result, the Government Finance Officers' Association encourages governments to produce a Popular Annual Financial Report (PAFR) that is a quick summary of information in the detailed report. The data included in the Popular Annual Financial Report below provides a summary of the City's governmental activities for year ended December 31, 2017.

Where the Money Comes From...

The City of Mason receives the funding it needs to provide services to the community from a variety of sources. The table below presents a summary of the City's revenues by primary type for 2017 and 2016. Tax revenue includes the charter amendment for safety services. Taxes increased with the improved economy and economic development efforts. Intergovernmental revenue decreased due to more grants in 2016 for capital improvements. Other revenue includes a one-time revenue for tax increment financing in 2016. This additional revenue also caused a one-time increase in community development expenditures for 2016. Mason continues to be a community with stable revenue sources for providing services to the community.

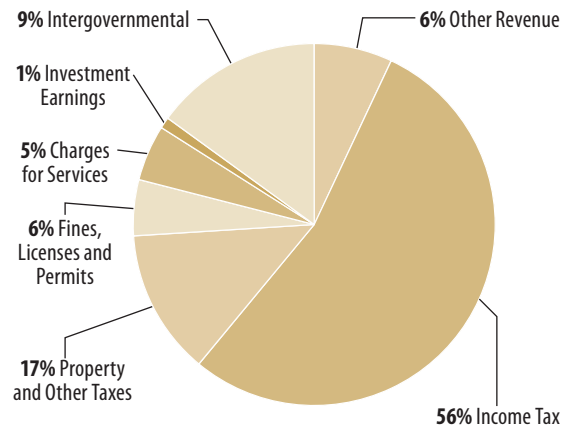

REVENUES (millions)	2017	2016
Income Tax	\$31.4	\$30.8
Property and Other Taxes	9.7	7.4
Fines, Licenses, and Permits	3.5	3.0
Charges for Services	2.8	2.8
Investment Earnings	0.5	0.5
Intergovernmental	4.9	8.8
Other Revenue	3.7	4.1
TOTAL REVENUES	\$56.5	\$57.4

2017 INCOME TAX BY SOURCE

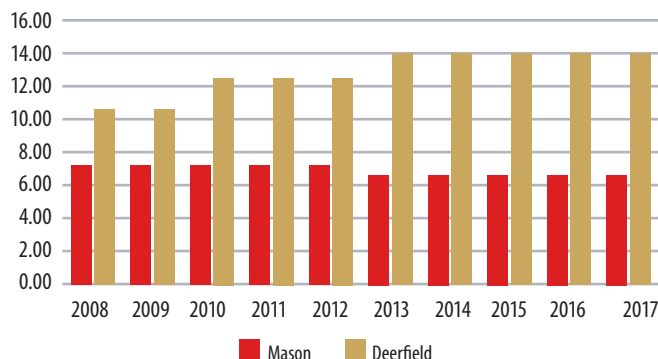

Income tax is the largest source of revenue. 70% of the total income tax revenue comes from business withholding, 15% from business profit, and 15% from residents.

GOVERNMENTAL FUNDS 2017 REVENUE BY SOURCE

The pie chart above depicts the significance each source of revenue has to the City's overall financial health. Income tax is the largest source of revenue for the governmental funds. The second largest source of revenue is property tax. Intergovernmental funds from the State of Ohio is third.

PROPERTY TAX MILLAGE

The chart at left shows that the City of Mason property tax was lowered in 2013 and continues to stay low compared to Deerfield Township. A modest income tax has allowed the cost of services to be shared by businesses, residents, and those working in Mason without significant increases to property taxes.

Where the Money Goes...

► The two-year comparison below for the City's governmental expenditures shows a 3% increase in operating expenditures (\$35.6 million for 2017 compared to \$34.9 million for 2016). The largest increase is from increased expenses for safety services. The City makes continuous efforts to provide services as cost effectively as possible. 2017 had lower capital outlay than 2016 for street improvements including Kings Island Drive.

EXPENDITURES (millions)	2017	2016
Public Safety	\$15.4	\$14.2
General Government	8.0	7.2
Transportation and Streets	5.4	5.2
Leisure Time Activities	2.4	2.3
Community Development	4.1	5.7
Utility Service	0.3	0.3
Operating Expenditures	35.6	34.9
Capital Outlay	8.2	10.0
Debt Service	4.3	4.5
TOTAL EXPENDITURES	\$48.1	\$49.4

EXPENDITURE TYPE DEFINITIONS

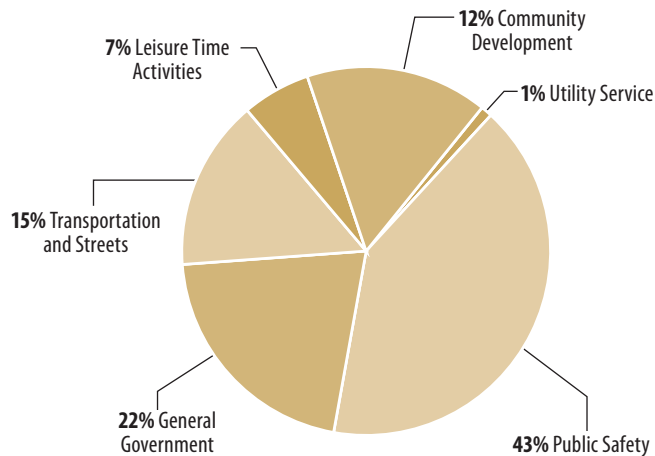

- **Public Safety** – Police, Fire, EMS, Disaster Services, and Street Lights
- **General Government** – functions serving the entire City including City Council, Administration, Finance, Tax Collection, Court, and Engineering
- **Transportation and Streets** – Public Works activities to clean, repair, and maintain public streets, traffic signals, traffic signs, and right-of-way. Engineering and project management for street improvements.
- **Leisure Time Activities** – Parks, Park Maintenance, Recreational Programs, and Lou Eves Municipal Pool
- **Community Development** – Community Planning, Building Inspections, and Economic Development
- **Utility Service** – Expenditures for City utilities paid by governmental funds not included in enterprise utility funds
- **Capital Outlay** – Investment for the City's capital improvements such as road improvements and equipment replacement

OUTSTANDING DEBT December 31 (Millions)

The chart of outstanding debt shows the City's commitment to reduce its outstanding debt from \$100 million in 2009 to a level that is below what it was 10 years ago. The cost of the outstanding debt is lower than many cities because of Mason's high credit rating.

GOVERNMENTAL FUNDS 2017 EXPENDITURES BY TYPE

The pie chart shown to the left provides a view of operating expenditure types (excluding debt service and capital outlay). Public Safety (such as Police and Fire services) continues to be the largest share of the City's operating expenditures.

CAPITAL PROJECTS

The following are major capital projects completed that are included in the 2017 capital investment:

- Columbia Road Relocation for the I-71 & Western Row Road Interchange
- Bethany Road /Mason-Montgomery Road Bike Path

Work continues for the following major projects:

- I-71 & Western Row Road Interchange
- Traffic signal upgrades including fiber optics
- Bethany Road Improvements

Planning continues for the following major projects:

- State Route 741 Improvements
- Snider Road Improvements
- Master planning redevelopment of the City's parks and recreation facilities

13TH ANNUAL FALLFAIR ARTS FESTIVAL COMING SOON TO COTTELL PARK!

The Arts Alliance is gearing up for a day of arts at Cottell Park with the 13th annual FallFair Arts Festival.

Sunday, September 16, 2018

11:00 a.m.–5:00 p.m.

Cottell Park

Free to the community

► Guests will enjoy over 50 local and regional artisans who will display their works within their own tents on the grounds of the park. Enjoy the talented artists who share their works in ceramics,

wood working, jewelry, glass, sculpture, mixed media, painting, drawing, photography, and more. Their artwork will be for sale. Many artists will demonstrate their crafts and techniques through-

D

out the day.

The Arts Alliance will offer a day of performing arts, which will include local bands and groups. Guests will enjoy the Mason Community Band, Melodic Connections, and Wild Carrot.

The children's art making activity tent will offer free art making all day. Children from any age and their families are welcome to participate to create a wide array of art making projects.

The Arts Alliance will also offer a Community Engagement art making project, called *Share our Similarities, Celebrate our Differences*, to celebrate our vastly unique and diverse community. Guests will be able to make their own 4"x4" self-portrait

which will then be made into one large work of art. This finished piece will help to represent our community that is filled with so many individuals who celebrate unique and varied cultures, religions, and beliefs. This project is made possible by a grant from Summerfair Cincinnati.

The event will feature various food options and guests can enjoy craft beer from the local 16 Lots Brewing Company.

The FallFair Arts Festival proceeds rain or shine. It is free to the community with ample free parking.

For more information about The Arts Alliance and volunteer opportunities, please visit www.the-arts-alliance.org.

ART BAR RETURNS IN THE FALL!

Join The Arts Alliance for the return of the ever-popular ART BAR art making events!

Art Bar art making takes place on the first Tuesday of each month from 7:00 p.m. to 9:00 p.m.

- **September 4** – Silver Charms!
- **October 2** – Handmade Signs
- **November 6** – Give Thanks Project
- **December 4** – Glass Ornaments

For more information about the FallFair Arts Festival, Art Bar, and other Arts Alliance programming, visit: www.the-arts-alliance.org.

Chard Snyder and City of Mason Celebrate Official Opening of New Corporate Headquarters

Firm adds strengths in employee health, wellness, and financial well-being to Mason entrepreneurial hub

The City of Mason is honored to welcome Chard Snyder, a third-party administrator of employee benefit solutions and a wholly owned subsidiary of technology-focused asset management provider Ascensus. A celebration and ribbon cutting was hosted in May as they moved into the new corporate headquarters at 6867 Cintas Boulevard. The newly constructed 53,000-square-foot facility will house the company’s 170 team members, projected to grow to 250 in the next three years. City of Mason dignitaries, representatives from Al. Neyer, and Chard Snyder executive team members cut the ribbon with most of the 170 team members in attendance.

“Our new headquarters marks a transition to the next era for Chard Snyder. It is a sign of our stability and growth, and shows our clients, partners, and the community that we continue to evolve while staying true to our values,” says Joy Snyder, Chard Snyder’s president and co-founder.

“The Chard Snyder team’s expertise in employee health and financial well-being will be an incredible asset to the culture of wellness we’ve fostered in Mason,” says City of Mason Mayor Victor Kidd. “The company’s forward-thinking approach to personal health is a perfect fit for our entrepreneurial healthcare-focused hub.”

Construction of the new headquarters coincides with Chard Snyder’s 30th year of business anniversary. *Welcome Home Chard Snyder!*

D

You’re Invited to Plan the Future of Deerfield Parks

Deerfield Township is one of southwest Ohio’s most vibrant communities with social and cultural amenities that support an active lifestyle. The well-being of current residents as well as the future of the next generation is reflected in every decision the Township makes.

Ensuring Deerfield’s parks and recreational programming continue to meet the needs of residents is one of the Township’s highest priorities. Over the spring and summer, Deerfield staff launched a process to create a long-range plan for our parks. Once completed, this plan will serve as a roadmap for parks-related decisions for years to come.

First, all of the parks, trails, and recreational facilities maintained by the Township, as well as the programs hosted in them, were audited to create a comprehensive list of existing resources. In early June, the Township hosted six focus groups—informal discussions with a broad cross-section of individuals designed to provide insights on community needs and current perceptions about our parks. At the end of June, we kicked off the first in a series of visioning workshops to more closely review this feedback and outline the questions for our online survey.

If you’ve already shared your thoughts, concerns, and hopes for our parks, thank you. If not, there are still plenty of ways to get involved. Mark your calendar and plan to attend these upcoming sessions:

Sept. 5, 2018 | Four Bridges Country Club – Dining Room

At this workshop, participants will see results from the online survey, needs assessment, and other analysis. They’ll also get a first peek at potential improvements for the parks and have the chance to provide feedback about them.

Oct. 11, 2018 | North Cincinnati Community Church

Participants will see more detailed improvement alternatives for park programs, operations, and facilities. These alternatives will include updates based on feedback received at the September meeting.

Nov. 28, 2018 | Kings High School – Cafeteria

A draft of the Parks Master Plan will be presented. Participants will have the opportunity to provide additional feedback and input before it is finalized.

Workshops are open to everyone and take place from 6:30 to 8:30 p.m. Each begins with a presentation to the entire group, followed by breakout sessions to encourage small-group discussion. Those attending will be able both to share ideas and ask questions.

Deerfield Township has partnered with Woolpert, PROS Consulting, and ETC Institute to assist with the audit, visioning workshops, and research components of the project. All three firms have extensive experience in the development of similar strategic plans, with Woolpert and its team having successfully completed more than 1,500 parks and recreation projects across the country. Additionally, a steering committee made up of representatives from throughout the community has been assembled to help guide the overall process, review feedback, and evaluate preliminary recommendations.

If you’re not able to attend the workshops, the Township will share meeting minutes, survey results, and other documentation about the project on a dedicated website. Visit PlanDeerfieldParks.com or ChooseDeerfield.com for the most up-to-date information.

The Township is committed to providing high quality recreational activities for the entire Deerfield community. We hope you’ll get involved and help shape the future of our parks!

Explore Downtown

Downtown Mason is a growing, eclectic mix of businesses creating a vibrant area for residents and visitors to our region. We encourage you to explore Mason's downtown as we profile the company owners and entrepreneurs who help make Mason thrive.

PERKING UP MASON ONE COFFEE AT A TIME

Mason High School graduate and coffee enthusiast Chuck Pfahler is excited to bring his passion back home. In September, Adesso Coffee is expected to open its first brick-and-mortar location in downtown Mason, offering specialty coffees, teas, light bites, and even classes and workshops for those interested in learning more about the brewing process.

You currently operate an Adesso Coffee espresso cart at the Mercantile Library in Cincinnati. What made you decide to open a brick-and-mortar location in downtown Mason?

▶ My journey with coffee began about 18 years ago when I started experimenting with home roasting and fell in love with the process. I modified a stovetop popcorn maker and turkey fryer thermometer and created spreadsheets to create a roasting profile. I love creating something by hand and sharing that with people. I'm happiest being behind the bar, serving coffee and making connections face-to-face with the people I love.

You're a Mason High School graduate — what about Mason is special to you?

▶ I grew up in Mason, and my parents still live in my childhood home, so it's a special place to me. Every corner of Mason has a memory and a story for me, and I will always feel a sense of home here. So, it's wonderful that I can fulfill my dream right here in downtown Mason.

What drew you to the location you chose in downtown Mason for your new space?

▶ This location brings me back to my roots. Todd Hudson of The Wildflower Café is one of my closest and dearest friends. He alerted me to this location and put me in touch with the building owner, who I happened to graduate high school with! The contractor building out the space is also someone we graduated with as well.

Outside of those connections, this location feels right in so many ways. We're within walking distance of The Wildflower Café and The Common Beer Company is across the street. I'm also excited to be a part of this great community full of talented and creative people.

You offer a wide variety of coffees, from traditional Italian espressos to Cubano, cortado and cortadito. What else makes Adesso Coffee different and unique?

▶ Our sign says "Adesso—Coffee + Moments" and that's what we are really all about—the experience. We aim to create a place that is inviting and friendly, and we also want to bridge the gap between coffee producers and the consumer by

highlighting the hard work, beauty, and artisanship that is part of the coffee creation process. That is why we will be offering classes, workshops, and eventually tours of coffee farms to bring everything full-circle.

We also intend to honor and uphold the Italian espresso culture and Italian cuisine, built around seasonality. It's about using what's available around us and making something beautiful. Our espresso menu will be built around this same philosophy. We will be offering Coffee Aperitivo, an Italian tradition that is similar to American happy hour. Our version will include offering a variety of coffee cocktails paired with small bites.

Finally, we are building a kitchen to host classes and caterers, with space that can be rented out for private parties and events. We have big dreams for a small space and are excited to bring them to life.

Tell us more about offering classes for anyone interested in learning the art of specialty coffees and what inspired you to do so.

▶ The classes are designed to be fun, interactive courses covering a variety of manual brewing methods, espresso, and tea. We'll also feature a basic espresso course complete with learning how to pour latte art.

We're also looking to partner with other area businesses to share their expertise, such as inviting The Wildflower Café to host wine courses in our space. I envision people spending the day in downtown Mason for a culinary experience—coming for coffee and drinks and staying for dinner.

Adesso Coffee, 125 E. Main St., www.adessoisnow.com

KEEPING MASON RESIDENTS HAPPY AND HEALTHY FOR MORE THAN 70 YEARS

Three generations of the Yost family—most recently including pharmacist and Mason resident David Yost—have been proudly serving Mason residents since 1945, providing prescription and medical supply needs. Their motto “Built on Yesterday, Caring for Tomorrow” is evident in their friendly, personal service, from custom prescription compounding and vaccinations to medical equipment and free local prescription delivery.

Yost Pharmacy has been a staple of the downtown Mason community since 1945. What do you like most about being in Mason?

▶ People make a community special, and we’ve been truly blessed in Mason. We also love seeing how Mason has evolved over the years—from a small, tight-knit farming community to one of the most economically thriving and diverse areas in our region. It’s been fantastic to see our area’s economic growth.

What’s kept your family in the business and kept your business in Mason for more than 70 years?

▶ The combination of single family homes, retirement communities, medical offices, and hospitals in the Mason area has been the cornerstone of our continued success. We also have some incredibly loyal customers—some we have been serving for 60+ years!

Three generations of our family have chosen pharmacy as a profession, and I think that is because we all really enjoy the service aspect of our business. We truly love to care for the health and well-being of our customers and appreciate the high level of trust that exists between pharmacists and their patients.

Personally, growing up watching my father work and seeing how his customers trusted and respected him greatly influenced my decision to become a pharmacist.

What have been the biggest changes you’ve seen in your business over that time? What have been the biggest changes in downtown Mason?

▶ Growth, modernization, and increased government oversight and regulation have been the biggest changes in our business over the years. We’ve evolved from a “mom and pop” pharmacy to a cutting-edge pharmacy with

more than 40 employees, offering modern robotics, technology, and advanced lab equipment. As a result, we are much more efficient and accurate, while still providing personal care to our patients.

Ironically, as much as the surrounding Mason area has changed and grown, downtown Mason has remained pretty much the same. Right now, we have some good momentum going in downtown, and the Mason Deerfield Chamber is a big part of this revival, thanks to its robust economic development strategy. I really believe there are great things in store for downtown’s future, and I encourage everyone to enjoy our downtown plaza and patronize the local businesses.

What do you enjoy most about being an independent pharmacy, and what benefits does that bring to your customers?

▶ The freedom to help our customers in ways that meet their unique needs is a wonderful advantage. Whether it’s through customized medication packaging, custom prescription compounding, or getting someone set up with the right piece of medical equipment, we have far fewer barriers than non-independent pharmacies.

Is there anything else you would like people to know about your business?

▶ I do think it’s important to know that despite the difficult economic climate that surrounds independent pharmacies—sadly, more than 90 Ohio independent pharmacies have closed in the past year—we have no intention of going anywhere. We plan to serve Mason for many years to come and that is because of our great customers. Thank you to everyone who has kept us going!

Yost Pharmacy, 120 W. Main St., www.yost-pharmacy.com

Expect to Owe Taxes

Mason Tax Office would like to remind residents who anticipate owing City income taxes for 2018 that your next quarterly payments are due September 15, 2018, and January 15, 2019. Residents who do not have taxes deducted from their employer’s paycheck are most susceptible to quarterly tax payments.

Please remember that 90% of your 2018 tax liability is due by January 15, 2019. Making quarterly tax payments helps residents meet the 90% tax requirement. The online tax tool is a quick and convenient way to make your payment or use a quarterly tax payment vouchers to pay. The online tax tool and payment vouchers are available at the City’s website, www.imagemason.org.

Don’t know if you need to make a quarterly payment? Please call the Mason Tax Office at 513.229.8535 for assistance. Thanks to the many partners and organizations that join the City of Mason that are critical to the culture of wellness being cultivated in the City and the hard work that goes on in the community to meet this challenge.

9-1-1 Now Offering Text Message Service

In the current world of texting we are surrounded by OMGs, LOLs, and BRBs, but what can be sent when there is a true emergency? In March, the Warren County Communications Center added the ability to text 9-1-1 in the event a voice communication cannot be initiated due to a hearing disability or putting your physical safety in jeopardy. The Communications Center has stressed that this system should not replace normal voice/telephone 9-1-1 calls. When a citizen does not have the ability or means to talk to 9-1-1, they may text their emergency to 9-1-1.

As a reminder, 9-1-1 is for emergencies only and a voice phone call is more efficient and preferred over text messages. Any questions about the system should be made to the Mason Police Department or Mason Fire Department.

- Slang and abbreviations should be avoided.
- After sending the initial text message, a dispatcher will respond with "You have reached Warren County 911, please make a voice call now, if possible." Emergencies are time sensitive and a text conversation takes more time than a voice conversation.
- If the caller indicates they cannot respond via voice the dispatcher will text "Warren County 911, what is the address of the emergency?"
- Please give the exact address of the emergency and the nature of the problem. As with any 9-1-1 call, giving the exact location of the emergency is crucial to getting emergency responders to the correct location. If an exact address is not known, callers should use cross streets, building names, or location identifiers to pinpoint their location. Example: in front of Kroger on 741.
- If no response is given back to the dispatcher after the initial text is received, the dispatcher will send a text back to the caller two times then call the number to try to reach the caller. If no response is received, the dispatcher will process the call to the police department to investigate a 911 hang up.

coming soon...

RECYCLING RIGHT HAS NEVER BEEN MORE IMPORTANT

The recycling markets have never been more challenging. The requirement for clean materials has never been stricter. You can keep recycling costs down and ensure your materials are put to good use by recycling the correct materials. Please refer to this list.

Did you know that waste and recycling drivers have the 6th most dangerous job in the country? Please exercise extra caution when driving around collection vehicles and workers in the roadway. Remember to slow down to get around. Doing so may prevent accidents, injuries and may even save a life.

PLEASE RECYCLE:

Delightful Dining Experiences at Deerfield Towne Center, New Business and Relocations Slated for the Deerfield Towne Center

Guests frequenting the Deerfield Towne Center can continue to look for new choices in dining and other new businesses.

- **The Maplewood Kitchen and Bar** Progressive, West Coast-style restaurant that offers a healthy, light, and flavorful cuisine.
- **Frenchie Fresh** Delicious French-inspired food with impeccable taste—offering fresh ideas, fresh ingredients, and a fresh approach to high-quality dining.
- **Frutta Bowl** Fueled by pretty food and good nutrition, Frutta Bowl specializes in exotic fruit bowls and smoothies made from acai berries, pitaya, kale, and oatmeal.
- **Message Envy** A premier facial and massage wellness provider is relocating to a strategic, centralized location within Deerfield Towne Center. Message Envy will now be located between Chico's and Evereve.
- **Glamour Eyebrows** will be located next to PetPeople.

MASON CITY SCHOOLS

Local Heroes Spring Into Action During MHS Fire

On May 8, a fire in the dust collector in the Computer Aided Machining (CAM) class led to a school-wide evacuation and the cancellation of all classes and after-school activities for 3,600 Mason High School students.

There was no shortage of heroes during the fire and evacuation. MHS's CAM teacher, George Elias, immediately ushered students out of the room and began trying to put out the flames using the room's fire extinguisher. Students like Class of 2018's Caleb Bloodworth, Class of 2019's Isaiah Walker, and Class of 2020's Liberty Messer helped classmates with mobility issues evacuate the building, and supported classmates with special needs. Firefighters had the blaze completely extinguished in less than 10 minutes. Custodial and maintenance staff worked tirelessly to make sure the school was safe, clean, and ready for learning when school re-opened on May 9.

"While we never want to have the opportunity to test our emergency preparedness, we could not be more proud of the actions of our students and staff, and the terrific response from local first responders," says school board president Matt Steele. "We appreciate the heroic actions of students and educators who made sure that some of our most vulnerable learners were taken care of, the bus drivers who quickly came to the high school to take students home, and all of our administrators who kept families informed throughout the day and who developed a well-executed reunification plan."

The CAM class dust collector has been redesigned and a larger unit will be located outside the building next year—which will significantly reduce the risk of fire.

Put Your Best Face Forward

TriHealth Cosmetic Surgery & Rejuvenation Center Offers Help for Wrinkles, Scarring, Skin Discoloration

Scarring from acne, unwanted brown or red spots on the face, and lines from aging are things we'd rather not see when we look in the mirror.

Several cosmetic treatments—many noninvasive—can effectively reduce these skin problems that often undermine self-confidence and self-image.

Asma Ansari, M.D., dermatologist with the TriHealth Cosmetic Surgery & Rejuvenation Center, emphasizes the benefit of procedures she and her colleagues offer. "Some people fear that they'll look unnatural after a cosmetic procedure. Our approach here at the center is to do things in a very natural way. We help you look like a better version of yourself."

OUTPATIENT FACIAL TREATMENTS, WITH LITTLE TO NO DOWNTIME

Although the center's facial plastic surgeons and plastic surgeons can perform complex surgeries to enhance a person's appearance, Ansari focuses her cosmetic work on in-office procedures.

She says, "We can make things very comfortable for patients. Prescription-strength numbing creams or nitrous oxide—laughing gas—make facial treatments very tolerable. People go back to school or work the next day."

Ansari describes the most common skin issues she sees on the face and techniques to improve appearance:

- **ACNE SCARRING.** Treatment is customized, depending on the type of scarring a person has. All techniques can create smoother-looking skin. A laser treatment may reduce red or pink scars. For pitted scars, a chemical peel or micro-needling can improve appearance. With micro-needling, a doctor applies a numbing agent to the scarred area and uses a needle to create micro-injuries to the skin to stimulate the healing process and produce new, healthy skin cells and collagen, the protein that gives structure to the skin. A technology called Sublative® applies radiofrequency energy in a dot matrix pattern on pitted scars. The heat energy stimulates deeper layers of the skin to generate new skin cells and collagen.
- **LINES AND WRINKLES.** The Sublative technique is also effective for mild to moderate frown lines, forehead wrinkles,

and lines around the eyes or mouth. Typically, three 10-minute treatments, four to six weeks apart, can create noticeable improvement. Most people tolerate the treatment without numbing cream. It may cause pinkness or redness for a few days.

- **PIGMENTATION.** If you have brown or red spots, such as freckles, rosacea, spider veins and age spots, caused by the sun or heredity, a light-energy laser or light-based treatment called Elos® can fade unwanted spots or veins with a handful of treatment sessions. The 10-minute treatments cause minimal discomfort, and people can resume normal activity immediately.

"We work with teens, people in their 70s, and everyone in between," Ansari says. "We boost their self-image and make them more confident. When they see what our treatments can do, they commonly say they wish they'd done it sooner."

Asma Ansari, M.D., sees clients at the TriHealth Cosmetic Surgery & Rejuvenation Center. She also sees people with medical skin issues at Group Health – Mason, 6010 Mason-Montgomery Rd., in Mason. For information or appointments, call 513.246.7000.

South Building Enhancements

A new player will stand in Center Court this year, but it's not who you're expecting. The South Building in Linder Family Tennis Center will stand at 104 feet tall between Center Court and Grandstand Court. Expected to open in July of 2018, the South Building has made a lot of progress within the last 11 months.

A smaller building with box seating and broadcast booths once stood where the new South Building now stands in Center Court. Covering 40,000 square feet, the South Building includes five stories, three of which have premium seating for purchase. Demolition of the original stands started on August 25, 2017, with construction starting September 19, 2017. Since then the South Building has continued to grow through rain and shine, and even some snow. With main seating facing Center Court, the South Building has expanded seating from 11,467 to 11,750, adding 283 seats to Center Court's stadium.

The ground floor will include an exhibitor space for brand new partner Cheeses of Europe and a bar for all patrons on the Grandstand side. There will also be a kitchen on the ground floor that will serve all dining amenities for the building.

Each of the three fan levels of the South Building are equipped with their own unique features and premium experiences.

Escape the heat on the first floor, the First Financial 1899 Room. This level houses 252 enclosed air-conditioned seats, the first of their kind for tennis. The First Financial 1899 Room includes its own restaurant, with three levels of tables, all with a perfect view of Center Court.

Want the best of both worlds? The Grandview Boxes located on the second floor include outdoor seats, their own indoor bar and concessions, and a balcony overlooking the Grandstand Court. This large open space and boxes have a total of 396 seats facing Center Court.

The third floor, the All-Inclusive level, is a large open space with seating, bar, and buffet style dining. All food and drink will be included with the purchase of an All-Inclusive level ticket. All-you-can-watch tennis and all you can eat; this ticket covers all the bases.

The upgrades don't stop there. The fourth floor will have all new indoor broadcast facilities, a major improvement with an impressive view of Center Court.

The South Building is expected to finish in July with its official opening on July 19, 2018. To see its continued progress, check out experience.southbuilding.com or visit our website at wsopen.com.

This is your Open, Your Open for Anything.

Your Open for Anything

Get ready for tennis at its best: the world's top stars AND off-court action that's an event all its own. This is the tournament that gets you and your friends into the mix...close to everything about the Open that means the most to you.

With the best local music, cuisine from the area's top chefs/restaurants, select libations and deluxe shopping, this is one of the most anticipated celebrations in the Midwest.

Fire Department Fall Hydrant Inspections

For the City of Mason Fire Department fall is the time for every hydrant within City limits to be inspected. Hydrants within the City limits are painted yellow; those outside of the City are usually red. Twice a year (spring and fall) all 2,000+ hydrants are inspected, ensuring their operational status. Insurance Services Office, Inc. (ISO) rates fire departments and requires two hydrant inspections a year to keep up the rating of the City's water supply system for fire suppression. The ISO rating is one of the factors used when determining home owner's insurance rates.

The spring inspection is handled by Greater Cincinnati Water Works (GCWW). GCWW performs an extremely detailed and thorough inspection of each fire hydrant, which normally takes approximately four months. Once all hydrants have been inspected GCWW sends a report of their findings to the fire department.

After the conclusion of the spring checks, the fire department handles the fall hydrant inspection. The timeline for the fire department inspection is September 15 through November 15. Inspection data is recorded electronically on iPads using a program specially designed for the City of Mason Fire Department. Other than making sure each hydrant is operational, the main purpose of the fall check is to make sure all hydrants are dry for the upcoming cold temperatures. Each fire hydrant has a valve located underground and allows water from the main to fill the hydrant. If water is in the barrel of the hydrant, prior to turning on, it will freeze during the winter and would be useless during an emergency. Frozen hydrants cause broken valves, cracked barrels, and broken stems.

If a fire crew finds a hydrant with water in the barrel, the hydrant is turned on to make sure it is operational and not broken. Next, the water is pumped out of the barrel using a small gas sump pump. After a few days the crew will recheck the hydrant for water. If water is present on the recheck, GCWW will be notified to quickly repair the hydrant.

Fire crews also check the appearance of the hydrant including the need to be painted or if home/business owners need to clear shrubs and brush away from the hydrant. Although some hydrants appear rusted and neglected, this does not reflect their operational status. Currently, the City of Mason and GCWW are working together to ensure all hydrants in need of paint are repainted in a timely fashion. If you have any concerns about the hydrants in your area please call the Fire Department at 513.229.8540.

Since most fire hydrants are near the roadway, the fire department asks that you please use caution when driving by crews checking hydrants.

D

Annual Butterfly Walk Inspires Giving

The 13th annual Butterfly Walk & 5K Run for CancerFree KIDS was held at Cottell Park in Deerfield on May 11, 2018. The Butterfly Walk is a unique opportunity for local families to show their support for children with cancer, and to help fund the CancerFree KIDS organization in their efforts toward life-saving research.

Over 1,500 people enjoyed the event this year, including guests, volunteers, and sponsors. 506 people participated in the 5K run/walk and 46 teams were registered. \$135,000 was raised this year for pediatric cancer research.

Organizers celebrated as the event surpassed the \$1 million milestone in fundraising for CancerFree KIDS since its inception in 2007.

The mission of CancerFree KIDS is to eradicate cancer as a life-threatening disease in children by funding promising research that might otherwise go unfunded.

It was the loss of their child, Hanna, that inspired the Paribello family to start their own personal journey to end childhood cancer. Their tragedy turned to create a beautiful event in a beautiful park. The Butterfly Walk has welcomed thousands of individuals over the years to celebrate, comfort, and carry on through the struggle of childhood cancer.

CancerFree KIDS will honor the late Hanna Paribello with the donation of a tree to be planted in her honor at Cottell Park. A Yellow Magnolia will be planted.

"Our family is so touched by this thoughtful gift from CancerFree KIDS. On May 14th, Hanna would have been celebrating her 15th birthday, and getting ready to finish 9th grade. Instead, we are picking out a tree that will grow for many more years on this planet than the three years we had with her. Now Cottell Park, where Hanna spent many weekends playing, will have a lasting dedication in her honor. Thank you to CancerFree KIDS and Deerfield Township," says Butterfly Walk Founder Amy Parabello.

For more information about the Butterfly Walk and 5K and CancerFree KIDS, please visit: www.cancerfreekids.org.

Volunteerism and Generosity Abounds in Deerfield Parks

Growing, changing, and beautiful Deerfield Township parks are supported by lots of hard work, volunteerism, and a giving spirit. Here is a listing of some great news and improvements to some of the Deerfield Parks recently.

KINGSWOOD SPRING CLEAN UP

A big shout out to the 56 dedicated volunteers who came out for the Kingswood Spring Cleanup! Volunteers worked hard to scour the park for any litter, twigs, and garbage in the park. Local twigs collected throughout the park were recycled into mulch.

Local Kings Youth Lacrosse team and the Daisy Troop donated their time, along with countless individuals and entire families. Deerfield Township Trustee Kristin Malhotra helped with the cleanup, too.

Residents don't have to wait for an organized cleanup day to help keep Deerfield Township parks tidy. Feel free to pick up unsightly garbage and keep our parks clean anytime!

COTTELL PARK BEAUTIFICATION!

Deerfield Township thanks the Mason-Deerfield Rotary Club for their generous donation to purchase 15 new trees for Cottell Park. A variety of tree types will line the park along Snider Road. Community members helped to plant the trees.

TAKE ME OUT TO THE BALLGAME!

Baseball outfield fences are an important part of any baseball, softball, or little league field. These features keep visitors safe and represent a boundary. Thanks to the partnership with Deerfield Township and the Mason Youth Organization, Cottell Park has recently installed outfield fencing. This new installation is a great amenity to the park.

TAKE AIM!

The newly installed Carter Park Archery Range is proving to be a great addition for archery enthusiasts. Located at 1720 East King Avenue, you'll find it situated in the park on the northeast edge of the paved pathway loop. Hours of operation are a half hour after sunrise to a half hour before sunset. Block targets are placed from 10, 20, 30, and 40 yards.

The archery range was achieved through a grant made possible by the ODNR Division of Wildlife Range Subsidy Grant. The range meets the National Field Archery Association (NFAA) Guidelines for Safety.

PROTECT: WOMEN'S SELF DEFENSE CLASS

Mason Launches Expanded Tech Elevator

Demonstrating its forward-thinking commitment to the Greater Cincinnati startup community, the City of Mason, working in partnership with a private sector partner, Top Gun Sales Performance, has expanded the Mason Tech Elevator program to its third location in six years. The Mason Tech Elevator is a first-of-its-kind program in the region dedicated to taking early stage tech and bioscience companies and connecting them with infrastructure, reduced overhead cost, the right network, tools, and a pathway for their continued growth stages. The newest location in the Triangle Building at 5412 Courseview Drive, MTE @ Triangle, adds 85,000 square feet to the Mason Tech Elevator program, taking the entire portfolio to 170,000 square feet of total space. City Council held its Council meeting in the facility on May 14 and hosted an open house for the public and tech community.

“This has been a great growing ground for innovative businesses and an opportunity to fuel an innovative ecosystem,” says Mason Mayor Victor Kidd. “We have among us some very intelligent, forward-thinking people who have been able to turn their brain power into very successful companies and we appreciate that very much.”

The latest extension of the Mason Tech Elevator program gives

the City access to another pathway for entrepreneurial growth: to retain growing companies and attract new innovation sector opportunities. Genetesis, an early stage medical device company that made headlines when it received seed stage funding from celebrity venture capitalist Mark Cuban, is an early success story at the Triangle Building. Momentum continued this year with the addition of Lantek, which expanded from 5155 Financial Way; new recruit Intellicasting; and L3, a Mason business community staple expanding its aerospace expertise to an innovation lab in the Mason Tech Elevator.

L3 Technologies plans to occupy the entire fourth floor of the Triangle Office building, bringing between 80 to 100 employees according to Brian Perry, senior vice president of operations.

Perry credited the company’s partnership with the City’s economic development team and its proximity to the new Mason Tech Elevator campus as determining factors for the expansion, which he said would occur in August or September.

Across its three campuses, the Mason Tech Elevator portfolio includes Assurex Health/Myriad Genetics, ADB Companies, Atomic Robot, Hipaax, Trayak, ConnXus, Genetesis, Include Health, Intellicasting, Bard Inc., Stack, Festo, Riverbend Worldwide, Lantek, and L3. A strong pipeline of prospects is expected to generate more announcements in the next three to eight months.

D

Deerfield D.A.R.E. Deputy Dedicated to Students and Community

As students get ready to go back to school, D.A.R.E. Deputy Nick Caito is preparing to meet the new group of elementary and junior high students who will enter his D.A.R.E. classes for the 2018–2019 school year.

Deputy Caito was assigned as Deerfield Township’s D.A.R.E. Officer and Crime Prevention Officer in June 2017. Each year, he will guide over 1,300 students through the D.A.R.E. program, including students from the Kings Local Elementary Schools, Columbia Intermediate, Kings Junior High School, Little Miami Junior High School, St. Margaret of York, and Cincinnati Montessori.

Drug Abuse Resistance Education (D.A.R.E.) was founded in Los Angeles in 1983 as a joint initiative between the LAPD and the Los Angeles Unified School District. Students who enter the program sign a pledge not to use drugs or join gangs and are informed by local police officers about the government’s beliefs about the dangers of recreational drug use.

In Deerfield Township, the curriculum calls for 4th graders to partic-

ipate in four training classes. Sixth graders will go through a 10-week training class. Kings Junior High School students participate in three classes and the Little Miami 7th graders are enrolled in the D.A.R.E. program throughout the entire school year. Graduations are on a rolling basis, depending on when classes are completed.

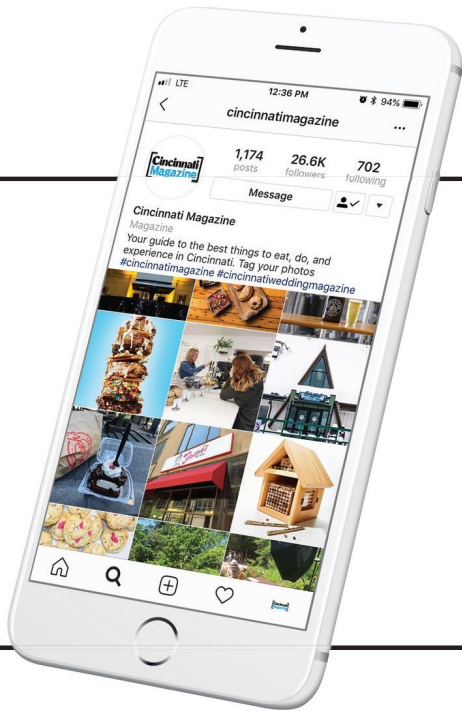

Deputy Caito also visits local 1st and 2nd graders to talk about law enforcement, safety, and stranger danger throughout the Township. He also visits local daycare facilities and speaks to Boy Scout and Girl Scout troops.

Deputy Caito will visit local businesses and organizations to teach self defense classes to women and active assailant training.

For more information about the D.A.R.E. program and Women’s Basic Self-Defense classes, Active Assailant Training, and any other community oriented policing classes/events, contact:

Deputy Nick Caito, Nicholas.caito@wcsooh.org, 513.701.1808

Deerfield Comprehensive Plan Ensures Smart Growth

The Township intends to update its Comprehensive Plan (Comp Plan) following the Parks Master Plan, which is currently underway. A Comprehensive Plan is a strategic guide that expresses the values and aspirations of a community. In the case of Deerfield Township, it provides a comprehensive and proactive planning tool to guide government policy which helps guide public and private activities related to land use, development, and use of resources and/or services such as police, fire, infrastructure, and parks. The ultimate goal is to ensure smart growth, which allows the Township to continue providing a high level of service to existing and future residents and businesses and visitors.

THE COMP PLAN IS/WILL:

- Incorporate key objectives into a comprehensive and accessible final document;
- A plan that is a tool to prepare for change; a guide for local decision-making that is implemented over time;
- Identify key areas for redevelopment and placemaking initiatives; and
- Create an implementable list of action items in immediate, short and long terms.

The current Comp Plan (2035 Vision) was adopted in 2015. According to planning industry standards, updates to the Comp Plan should occur every five years. As such, an update to the Comp Plan should occur in 2020. It is important to evaluate the plan every five years, especially with the constant changes in the economy, to be consistent with the community goals and addressing current issues/concerns within the community. It is anticipated that the Comp Plan Update will begin early 2019.

Summer Fun Camp

Mason Community Center Camp participants enjoyed field trips, creek walking, swimming at Lou Eves Municipal Pool, exploring Pine Hill Lakes Park, crafts and more!

Looking forward to next year!

CITY OF MASON OHIO
more than you imagine.

**CONGRATULATIONS –
Mason-headquartered
Cintas celebrates 90 years and
Fortune 500 ranking.**

A sincere congratulations to Mason-headquartered Cintas for its recent inaugural appointment as a Fortune 500 company.

The list, compiled and maintained by Fortune magazine, ranks American com-

panies by annual revenues. The ranking reflects Cintas' nearly 11% revenue growth over the last year, which propelled the company up 20 spots in the annual list. With revenues of more than \$5.4 billion, Cintas joins the list for the first time at number 500.

Cintas' extraordinary growth over the last decade is a result of the company's commitment to a disciplined strategy of expansion into new vertical markets while

increasing share in existing markets. The industry leader, Cintas has more than 1 million business customers. Cintas will celebrate its 90th anniversary of operation and 35th anniversary as a publicly traded corporation this year. Congratulations! We are proud to have such a prestigious corporate partner in Mason.

D

Safer Schools and Music Education Designation for Kings Local School District

The Kings Local School District, in partnership with the Warren County Sheriff's Office and Deerfield Township will add an additional full-time school resource officer beginning in the 2018–2019 school year at no cost to the school district.

The new officer is a Warren County Sheriff's deputy. Charlie Hale will be the full-time school resource officer for the Kings elementary buildings which will be funded by Deerfield Township.

"There is no higher priority than the safety and security of our students and staff," says Tim Ackermann, superintendent of Kings Local School District. Ackermann noted that the district currently has one school resource officer headquartered at Kings High School but with responsibility for multiple locations.

The addition of a second full-time deputy will significantly expand the safety coverage the district provides to students and staff. "We are grateful for the strong partnership we enjoy with Deerfield Township and the Warren County Sheriff's Office," Ackermann says. "Knowing Sheriff Larry Sims and his team are focused on our safety allows us to keep our attention on educating."

"We are 100 percent committed to supporting our local school districts in

any way we can," says Lelle Lutts-Hedding, president of the Deerfield Township Board of Trustees. "Ensuring the safety of our kids takes the watchful eye of an entire community. The

Township recognizes the responsibility we have every single day to keep our school campuses safe, and we are honored to work with Sheriff Sims, Superintendent Ackermann, and the entire school district to do so."

The Kings Local School District has been honored for the second year in a row with the Best Communities for Music Education designation from The NAMM Foundation for its outstanding commitment to music education. This year, only 583 school districts were chosen nationwide.

The Best Communities for Music Education designation is awarded to districts that demonstrate outstanding achievement in efforts to provide music access and education to all students. To qualify for the Best Communities designation, The Kings District answered detailed questions about funding, graduation requirements, music class participation, instruction time, facilities, support for the music program, and community music-making programs. Responses were verified with school officials and reviewed by The Music Research Institute at the University of Kansas.

Community Visioning Workshops

Engaging our community is a key component of the Parks Master Planning process. At Community Visioning Workshops, you'll be able to discuss ideas, ask questions, review survey results, and evaluate alternatives for the future of Deerfield parks. Workshops begin at 6:30 pm with a large group presentation, followed by break-out sessions. Participants will discuss ideas, ask questions, and dig deeper into plan goals. Each workshop is held near a different quadrant of the Township to encourage participation by the entire community.

Visit PlanDeerfieldParks.com for more details, including project documentation, timelines, and additional opportunities to participate in the planning process.

Meeting	Date	Time	Location

FAMILY

SPECIAL EVENTS

New Resident Coffee Meeting Room

New to the area? Meet other new residents and their families to learn more about the area at our monthly new resident coffee held on the first Wednesday of every month from 10:30 to 11:30 a.m. Residents who recently moved to the City of Mason or the Mason City School District are invited to attend. The coffee is hosted by the Community Basket and is sponsored by the City of Mason and the Mason Deerfield Chamber of Commerce. Refreshments and tours of Mason Community Center will be provided. Those in attendance will also receive a one-day family pass to the Mason Community Center.

SPORTS

Tae Kwon Do Beginner Gymnasium

Tae Kwon Do is a well-balanced Korean martial art that specializes in kicking skills. No previous experience is necessary for this class. Adults, teens, and children will train together in a family oriented program.

Parents of all participants under the age of 13 are asked to remain on site, or in the gym if not a member, during class. Please note: A Tae Kwon Do uniform is not required for participation in this class; however, a uniform may be required for any participants who would like to enjoy this program long-term.

Mason Youth Basketball

The City of Mason, in cooperation with Mason Youth Basketball (MYB), is pleased to offer the annual youth basketball program. Instructional and recreational leagues do not require tryouts. A numbered jersey and basketball shorts will be provided to all players.

Registration is open to Mason residents and children attending Mason City Schools. The deadline to register is Monday, October 1. After this date, Mason Community Center communicates registration information to MYB. Your MYB coach will contact you at least one week before practices begin. For more information on team formation and the MYB program, please go to www.masonyouthbasketball.org.

MYB Game Admission

Admission to each recreational or athletic league game is \$2 per adult and \$1 per child or senior, and not more than \$5 per family. Mason Community Center members do not need to pay the daily admission fee for games held at Mason Community Center.

Save time at the door and purchase a punch pass for games played at Mason Community Center. (Games in the Mason City Schools and away games are not covered by the pass.)

Family Pass (5-game pass)
\$25

Single Adult Pass (5-game pass)
\$10

MYB Recreational Leagues

Field House

The City of Mason, in cooperation with Mason Youth Basketball (MYB), is pleased to offer the annual youth basketball program. This is one of the Community Center's most popular youth programs! Our recreational basketball league is a great way to learn more about the sport while having FUN with other kids.

Practices will begin in November and games will start the first weekend in December. Home games will be played at Mason Community Center or in the Mason schools. Games will be played on weekends (Friday–Sunday). Practice days and times will vary. Players will be contacted by MYB and their coaches on specific practice and game times and locations. A numbered jersey and basketball shorts will be provided to all players. Registration is open to Mason residents and children attending Mason City Schools. For more information on team formation and the MYB program, please go to www.masonyouthbasketball.org.

Please note: For grades 7 and up, players are encouraged to sign up as teams. There is no guarantee of individual placement.

MYB Athletic League Tryouts

Field House

Mason Community Center offers both Athletic and Recreational Basketball Leagues for 4th, 5th, and 6th graders.

Tryouts for our Athletic Basketball League Program are indicated below. You will need to register for the Recreational League for the opportunity to try out for one of our Athletic Basketball teams. Those who do not make an Athletic Team will automatically be placed on a Recreational League Team; no additional registration is required. Once Athletic Teams are established some additional fees may apply for participants who do make those teams.

Girls

- Sunday, September 16
- Grade 4: 4:00 to 5:00 p.m.
 - Grade 5: 5:00 to 6:00 p.m.
 - Grade 6: 6:00 to 7:00 p.m.

Boys

- Tuesday, September 18 and
Wednesday, September 19
(Players must attend both evenings)
- Grade 4: 6:00 to 7:00 p.m.
 - Grade 5: 7:00 to 8:00 p.m.
 - Grade 6: 8:00 to 9:00 p.m.

CITY OF MASON OHIO
more than you imagine.

MASON COMMUNITY CENTER

Mason Youth Basketball Volunteer Coaches

The City of Mason, in cooperation with Mason Youth Basketball (MYB), is pleased to offer the annual youth basketball program. Practices will begin in November and games will start the first weekend in December. Home games will be played at Mason Community Center or in the Mason schools. Games will be played on weekends (Friday–Sunday).

Those interested in volunteering for the 2018–2019 season should register, complete the following paperwork and email all paperwork to Dana Maidenberg at DMaidenberg@masonoh.org by October 1, 2018:

- Complete the volunteer application printed with your registration receipt.
- Complete the Concussion in Sports online training. This includes an educational tutorial followed by a short test. Sign up to take this free course at <http://nfhslearn.com/courses/38000>.
- Provide your National Youth Sports Coaches Association (NYSCA) certification number on your application.
- To obtain or renew your National Youth Sports Coaches Association (NYSCA) certification you must participate in the three part online training clinic. This clinic is \$20 and includes education tutorials followed by a 15-question multiple choice test. After completion, you will receive a certification, NYSCA membership, and liability insurance coverage. Sign up to take this course at <http://www.nays.org/coaches/>.
- Mason Community Center requires anyone working with children to pass a background check. The Mason Police Department, located at 6000 Mason-Montgomery Road, offers fingerprint processing. Their office is open Monday through Friday from 8 a.m. to 4 p.m. You will need to bring a valid photo ID (driver’s license, passport, state ID card) and specify you are being fingerprinted for the City of Mason’s youth basketball program.

After all paperwork is submitted, the MYB Board will contact you with the status of your registration.

Outdoor Hummingbirds Heritage Oak Park

Your child will have fun and learn the basics of soccer: dribbling, passing, trapping, shooting, defense, and positioning. Each session consists of instruction in each aspect of the game, participation in fun drills that are designed to teach fundamental skills to young children, and low-key, noncompetitive games. All coaching will be conducted by Jump Start Sports staff.

Day	Date	Time	Age	Deadline	Fee (PRE/BAS/MR/NR)	Activity
M	9/10-10/15	5:30-7:30P	3-6	9/3	\$65 /\$77 /\$97 /\$116	433123-05

T-Birds T-Ball Heritage Oak Park

Your child will receive a fun and instructional introduction to baseball learning the basics of throwing, catching, fielding, batting, and base running. Skills learned will be applied in fun, noncompetitive games.

Jump Start Sports Coaches will attend and oversee instruction and games; parent participation is welcomed.

Day	Date	Time	Age	Deadline	Fee (PRE/BAS/MR/NR)	Activity
T	9/4-10/2	5:30-7:30P	3-4	8/28	\$70 /\$83 /\$104 /\$125	433120-05

Pee Wees Tennis Heritage Oak Park

This tennis class is for beginners and participants will learn ball striking skills, scoring, and basic strategy in a fun, stimulating environment. Most enrollees will have little to no tennis experience.

In case of inclement weather, lessons will be held in the Field House at Mason Community Center.

Day	Date	Time	Age	Deadline	Fee (PRE/BAS/MR/NR)	Activity
Tu	8/28-9/25	6:00-7:00P	4-5	8/21	\$55 /\$65 /\$82 /\$98	342215-12

AQUATICS

MASON SWIM ACADEMY

Please register for both sessions during registration.

Premier Registration begins at 8:00 a.m. on Friday, August 17, 2018
Open Registration begins at 8:00 a.m. on Monday, August 20, 2018
Register online at <https://webtrac.imagemason.org>

Station 1 Leisure Pool

Your child will learn to put his or her face in the water and blow bubbles through his/her nose as well as complete 10 relaxed bobs. To participate in this class, your child must be comfortable in a group class setting without a parent.

Class Times:
M or W 4:45-5:15P or 5:20-5:50P
Sa 9:00-9:30A, 9:35-10:05A or 10:10-10:40A

Date	Age	Deadline	Fee (PRE/BAS/MR/NR)	Activity
8/25-10/13	3-5	8/23	\$65 /\$77 /\$97 /\$116**	452321*
10/22-12/15	3-5	10/14	\$65 /\$77 /\$97 /\$116**	452421*

*No Class 9/3, 9/15, 10/31, 11/19, 11/21 & 11/24

**Sections offering six classes have adjusted rates.

Station 2 Leisure Pool

Your child will build on what he or she learned in Station 1 by learning to glide on his or her front and back in a streamline position. He or she will also learn to roll from front to back float.

Class Times:
M or W 4:45-5:15P, 5:20-5:50P, 5:55-6:25P, or 6:30-7:00P
Sa 9:00-9:30A, 9:35-10:05A, 10:10-10:40A or 10:45-11:15A

Date	Age	Deadline	Fee (PRE/BAS/MR/NR)	Activity

If thunder roars, go indoors. If you can hear thunder, you are close enough to be in danger from lightning.

Mason Twisters Regionals Competition

Level 7 & 8 competed in Tallmadge, Ohio, and the Xcel competition was held in Westfield, Indiana. Madison won a regional championship on her floor routine with a score of 9.65. Madison along with Audrey contributed to a third place finish for team Ohio while competing against teams from Indiana, Michigan, Illinois, and Kentucky. The 14 Twisters competing at the Xcel Regionals contributed to a second place finish for team Ohio.

YOUTH

SPECIAL EVENTS

Parents' Night Out

Premier Member Perk!

Kids' Korner

Enjoy a night out on the town while your children engage in a night full of fun at Mason Community Center. The evening will consist of themed programming and a pizza party sponsored by West Shore Pizza of Mason. We ask that you please pack a snack and drink for each event.

Children ages 6 and up will enjoy swim time while children under 6 will participate in preschool-themed activities on scheduled swim days. Please pack a swim suit and towel if your child will be swimming.

Parents' Night Out is available to Premier members only. Please stop at the Member Services Desk to upgrade your membership if you would like to take part in this program and the many other benefits of Premier membership. We ask that each family sign up for only one Parents' Night Out per month.

Early Bird Special

Online registration for Parents' Night Out starts at 7:45 a.m. on Friday, August 17. Phone registration starts at 8 a.m.

Bodies in Balance: Water

Leisure Pool

Join us to use to start your aquatic exercise program. You'll use the high resistance and low impact properties of water to increase overall muscle strength, endurance, balance, and flexibility. This water fitness program is ideal for those with arthritis, Parkinson's, fibromyalgia, discharged or phase 3 pulmonary rehab, or other joint complications. Led by a certified athletic trainer, Bodies in Balance: Water utilizes more rehab-based exercises compared to a traditional Water Fit class. There will be no make-up classes or rescheduling for any absences.

ENRICHMENT

CPR/AED Classes

Fire Station 51 Community Room

As part of our effort to make the community a safer place to live and work, the City of Mason Fire Department is offering a series of CPR classes in 2015. CPR training is free for Premier members and Mason residents, and a small fee for nonresidents (discounts available for nonresidents who are Basic members of Mason Community Center).

All CPR instructors are Mason Firefighter/Paramedics and Community Emergency Response Team (CERT) members. During the sessions, participants will learn adult and child CPR as well as the proper operation of an automated external defibrillator (AED). After the four-hour class, participants will receive a certification from the American Heart Association.

Classes will be held in the community room at Fire Station 51, 4420 Mason-Montgomery Road. Please register through Mason Community Center.

FITNESS & WELLNESS

Fitness Assessments

Fitness Center

Take the first step toward better health today! To help you track your results and see how your hard work is paying off, we offer fitness assessments with our certified staff. Assessments include: heart rate, blood pressure, body composition, muscular strength, muscular endurance, cardiorespiratory fitness, and flexibility. Assessments are recommended every three to six months or at the start of an exercise routine. A full assessment takes approximately one hour. Please wear gym shoes and comfortable clothing. Please complete the Fitness Center Appointment Request Form at Mason Community Center or online at www.imaginemason.org to get started.

Day	Age	Fee (PRE/BAS)
Varies	15 & up	\$0* /\$30**

*Up to 4 free assessments per year.

**Rate will be discounted from a personal training package purchased following your assessment.

Tough Turkey Workout

Mason Community Center

Planning to splurge on Thanksgiving Day dinner? It doesn't have to ruin your fitness routine. Take on two hours of calorie burning fun on Thanksgiving Day! Experience a combination of The Ride, BODY-PUMP, GRIT, and Yoga in 30-minute increments.

Day	Date	Time	Age	Deadline	Fee (PRE/BAS/MR/NR)	Activity

Personal Training

Fitness Center

Looking for the best workouts to achieve your goals, need a coach to keep you motivated, or need to change up your routine of exercises? The certified personal trainers at Mason Community Center offer a variety of training packages to cater to individual needs, no matter what the goal. Stop by the Member Services Desk for more information or call 513.229.8555 to get started!

Punch Passes for Multiple Visits

When you purchase a Personal Training package, your visits will be tracked through a punch pass system. Your visits will be linked to your membership card so you can find out how many sessions remain on your pass by stopping at the Member Services Desk.

Bring your membership card to the fitness desk when you come for your personal training appointment. You can renew your punch pass at Mason Community Center or by calling 513.229.8555.

Introductory Training Specials for Members

These are available to all members new to personal training for a one-time purchase. You can choose either package but won't have the option to take advantage of both.

IMPROVE YOUR PUTT

Position your eyes over the ball at address; you will be looking down the line of your putt, not left or right of your line. Keep the ball positioned slightly toward your left foot or just left of center. Make sure your putter is not too long for you; the putter needs to sit as flat as possible on the green.

For shorter putts take the putter straight back and straight through. On longer putts, it is okay to use your wrist a little, causing your stroke to have a slight arc.

Senior Fitness Assessments

Meeting Rooms

A team of certified personal trainers will use age-specific assessment tests that monitor the functional fitness performance of older adults. By taking the Senior Fitness Assessment, you will find out how you compare to others of the same age and gender. You will receive personalized feedback to help relate results of your assessment to the types of daily tasks and activities you want to continue to do or want to do better.

Free to Senior Premier and Silver Sneaker members.

Pot Luck Luncheon

Senior Center

Join us this fall for our popular lunches. Main entrées are provided by our generous sponsors—Barrington of West Chester, Chesterwood, Mason Christian Village, Cedar Village, The Lodge, Mason Health Care, and other visiting organizations. Each individual attending must bring a side dish to serve 8-10 people. Reservations are required and can be made by calling Mason Community Center's Senior Center at 513.229.8555.

Day	Date	Time	Age	Fee
Th	9/6-11/29*	12:00-1:00P	55 & up	\$1

*No lunch on 11/15 & 11/22.

Cards, Games & More!

Do you enjoy playing cards and getting together with friends? Come join one of the Senior Center's many card and game groups including Hand & Foot Canasta, Pinochle, Euchre, Party

Bridge, Mah Jongg, and Dominoes. Duplicate Bridge requires a reservation. Call the Senior Center at 513.229.8555 for days and times or additional information.

Casino Motorcoach Day Trip

Join us for a fun trip to the Belterra Park Racino located at River Downs Racetrack. Space is limited. Register online or by visiting or calling the Senior Center at 513.229.8555. Your bus ride, lunch buffet, and \$10 slot play are included.
