We were in the left turn lane getting ready to turn onto Western Row and the car in front of the ~~the~~ car in front of me hit the breaks. And then the car in front of me hit the breaks, but by then we were all moving and I couldn't stop in time. As soon as I realized what happened I got out of my car and asked the driver if she was alright. She asked me to call the police to file a report, but said she was fine. Several minutes later she said she had nausea and as I was going to call for help a patrol officer arrived on scene and helped.

I was sitting in the left turn lane at a red light. There were a few cars in front of me. All I remember is that I was hit and pushed into the car in front of me then bounced back and forth between that car and the one behind me. When everything stopped the car in front drove away and the guy behind me stayed. He called the police and ambulance.
